

Efficiency

Do you pay more than you would like on your energy bills?

Controls

Do you want a thermostat that you can access over WiFi?

Do you want a thermostat that will try and adjust your heating and cooling needs without your input to save money?

Warranty Coverage

Is this the home that you plan on retiring in?

Is replacing your heating and cooling system going to be a major financial strain on your family and budget?

Zoning & Ductless

Are there areas of your house that you have trouble with them being too hot or too cold?

Indoor Air Quality - Humidity Control

Does the air feel sticky in the summer, even when you are running your air conditioner?

Does the air feel dry and scratchy in the winter?

Indoor Air Quality - Purification

Does cold and flu season seem to impact your family more than others?

Do you have pets that tend to shed heavily?

Indoor Air Quality - Filtration

Do you have members of your family who suffer from asthma or other allergies?

Indoor Air Quality - Ventilation

Does your air often feel stuffy or stale, especially during the winter?
